Title: Need to set up a premier medical institute at par with AIIMS in Ahmedabad, Gujarat.

DR. KIRIT PREMJIBHAI SOLANKI (AHMEDABAD WEST): Gujarat and in particular Ahmedabad had phenomenal growth in all the sectors. Since Ahmedabad is given the status of megacity, the area and population of the city has gone up.

Ahmedabad has become the medical hub in the country, a premier medical institute like AIIMS is urgently needed there.

At present this sort of institutes are existing in Delhi and Chandigarh in northern India, while the entire western Indian has not been given such premier medical institute funded by Central Government.

Hence, I make the demand to establish an AIIMS like Medical Institute with teaching affiliation in Ahmedabad.
